To Our Generous Community Partners:

The D.C. Everest Area Education Foundation's mission is to provide financial support for innovative educational programs and creative projects that inspire both teachers and students to achieve excellence. While this year's classroom again looks different, our mission has never been more valuable. It is more important than ever to provide innovative ways of delivering cutting edge experiences and learning opportunities for the students of the D.C. Everest Area School District.

Over the past four years, we have been able to fund over \$140,000 to support more than 100 projects. These projects provide additional opportunities outside of the scope of the district's funding capabilities to enhance students' learning experiences from the earliest 4K learners to high school seniors. Examples of funded projects include makerspace areas, wellness items, phonics resources, author visits and sensory items among the grants. These steps forward in our district's capabilities could not be possible without the support of our community.

We are asking for your support in helping us continue to provide resources to staff and students throughout our district. This year especially, innovative and creative tools, learning methods and resources are needed to support our educators in achieving excellence with our students.

We appreciate your thoughtful consideration and hope you will join us in supporting the students and teachers of the D.C. Everest Area School District. Donations can be made by completing and returning the attached form. Donations will be acknowledged on our website, www.dceverestfoundation.org and social media. We also will be creating a video that will highlight the grants funded and donors.

If you have any questions, please contact me at dceverestfoundation@gmail.com or 715-581-5871.

Thank you,

Lindsey Lewitzke
President, D.C. Everest Education Foundation
